

Fall 2006

With Snowbird Medi-Quote...There is still time...

Thank you to all of you who have already purchased your insurance for this season!

While many other travel insurance providers are closing their Early Bird sales, most of our companies continue to hold prices at last year's rates.

BUT...you must hurry, the Early Bird will fly south as early as SEPTEMBER for some of our companies!!!

For over 12 years, we have looked after our clients while they were traveling outside of the country. We now offer coverage to look after our clients while they are at home with some new products. Call us for information on the following new products:

- Trip Cancellation Insurance – If you buy trip cancellation from your travel agent, you are paying twice for medical insurance. Snowbird Medi-Quote now offers trip cancellation as a part of medical insurance, or separately if you have already purchased your medical insurance for the year. Don't pay for medical insurance twice just to have coverage for trip cancellation.
- FRPL Finance – Now you can invest inside or outside of an RRSP, RIF or a LIRA in a bond secured by a 1st mortgage registered on Canadian Resort Property owned by Fairmont Resort Properties. Investments of 3 and 5-year terms, returns up to 12% per annum. See attached for more details.
- If you are self-employed or a business owner, find out how you can make the premium you paid for your travel insurance and other medical expenses into a deductible business expense through a Public Health Services Plan.

Please call us locally in Calgary at 259-2969 or 1-800-661-3098 for information on the above new products.
