You must be accurate and complete in your dealings with us at all times. This policy is issued on the basis of information in your *application* or provided in connection with *your application* (including your intended dates of travel and answers to the medical questionnaire, if required). When completing the *application* and answering the medical questions, your answers must be complete and accurate. In the event of a claim, we will review your medical history.

We will not pay a claim if *you*, any person insured under this policy or anyone acting on *your* behalf attempt to deceive us or makes a fraudulent, false or exaggerated statement or claim.

Eligibility for Coverage:

The eligibility requirements are basic conditions of coverage and material to the risk for which Insurance is sought. Consequently, the entire coverage under this Policy shall be void if *you* did not meet the eligibility requirements for the plan selected as set out in the *application* and medical questionnaire which means your claim will not be paid and your premium will be refunded.

Material Misrepresentation within Selected Plan:

In the event *you* unintentionally fail to answer any qualification question in the Medical Health Questionnaire accurately, the coverage under this Policy shall be subject to an additional *deductible* of \$15,000 USD, and no claims will be considered until a completed medical questionnaire is submitted and accepted, including any premium owed to cover the correction to the policy. However, the coverage under this Policy shall be voidable at the discretion of the insurer if, before or after any loss or claim, *you* or *your* representative intentionally or with reckless disregard, conceal, misrepresent or fail to disclose any material fact or commit any fraud or false swearing pertaining to *you* or any claim. Subrogation: The *company* will not subrogate against any employment plans if the lifetime maximum limit for all in-country and out-of-country benefits under that plan is \$100,000 or less. If *you* acquire any right of action against any person, firm or organization for loss covered hereunder, *you* shall, if requested by the *company*, assign and transfer such claim or right of action to the *company* and will permit suit to be brought in *your* name under the direction and expense of the *company*. This right of subrogation is in addition to all other rights of subrogation existing under common law, equity or statute. *You* shall do nothing after a loss to prejudice the *company's* rights of subrogation. In the event that *you* make any legal claim against a third party based on an event that led to the payment of a claim under this Policy, *you* will include the amount of that claim in *your* legal claim against the third party, and will account to the *company* for any recovery from the third party.
